

QUALITY & QUANTITY
ON TIME EVERY TIME !!

About G.D OVERSEAS

The company has emerged into a food giant from a small-scale rice milling business. In the year 1992, G.D. Overseas underwent a major transition when Mr. Darshan Lal with his two sons Tilak Makkar & Ajay Makkar realized the utmost importance of delivering high-quality rice consistently. They laid the foundation stone for one of the biggest rice plants of Haryana, in Taraori.

Our Vision

"Our vision is to be the premier provider of high-quality basmati rice to customers around the world. We strive to exceed our customers' expectations with every shipment and to build long-term relationships based on trust, reliability, and excellence. We are committed to using sustainable and environmentally responsible practices in all aspects of our business, from farming to milling to distribution. Our goal is to be a leader in the industry, setting the standards for taste, purity, and consistency in basmati rice."

Our

INFRASTRUCTURE

We, GD Overseas are a well known exporter, manufacturer, supplier and trader of a wide variety of rice grains.

Our range includes 1211 Basmati Rice, 1121 Golden Parboiled, 1121 White/ Creamie Parboiled, traditional Basmati Rice, Pusa Basmati, Pussa Sella and Brown Basmati Rice. All these are cultivated using optimum grade raw seeds, fertilizers, etc. and are processed for deliveries using high-tech machines for cleaning, polishing and packaging.

The products we offer are highly appreciated by clients for their purity, freshness, rich taste and alluring aroma. Apart from quality products, factors like on-time delivery and reasonable pricing have contributed to customer's satisfaction.
